**NATIONAL COUNCIL FOR
AMERICAN EDUCATION**

"Books and Pamphlets are Weapons in the War of Ideas"

The National Council for American Education, publisher of this booklet, is one of the nation's leading organizations actively defending the American way of life and actively opposing Socialism and Communism. It is devoted to stimulation of sound education and to eradication of Marxism and Collectivism from our schools and national life.

In an extension of its primary purpose—to oppose and combat subversive influences in schools and colleges—NCAE does what it can to give widespread distribution to worthwhile pro-American literature. For unless Americans—particularly young Americans—have access to ideas in keeping with American principles, they will not long remain true Americans. If we are taught in books, newspapers, radio, movies or in schools that the socialistic way is the "good" way—the "right" way—it will not be long until this once free nation becomes another totalitarian state.

As Orval Watts writes in his magnificent new book, **"Away From Freedom"**:

"For man is a creature of ideas. 'As he thinketh in his heart, so is he.' What he does today depends on what he thought yesterday. What he may do tomorrow depends on what he thinks now and will think then. . . .

"Truth, therefore, is as necessary to human life as food and drink. Wrong ideas may be as deadly as any poison or virus. Right ideas mean health and progress."

The pamphlets by Irene Kuhn and Harry Elmer Barnes, listed on page 10 hereof, show how many book sellers and retail clerks engage in a wholesale blackout of pro-American literature. The efforts of every patriotic American are required to counteract this definite blackout.

You may have as many copies of this leaflet for distribution as you wish. It would be extremely helpful in the cause of Americanism for this leaflet and the books and pamphlets it lists to receive a widespread distribution.

Anything you or your organization can do to bring this about will be of great benefit.

Supplementary lists of new books are issued from time to time. Ask for them.

Orders are shipped promptly.

Stamps are acceptable in payment of small orders.

NCAE pays postage or express on all orders.
